

Subscription terms for the YoungTicketPLUScketPLUS

The YoungTicketPLUS with electronic fare management can be purchased as an annual subscription with monthly fare collection.

The VRR conditions of carriage and tariff provisions apply here, along with the following:

1. Requirements for the subscription

Requirements for issuing of the YoungTicketPLUS to eligible persons by the transport company are:

- 1) proof of eligibility for purchasing the YoungTicketPLUS by the subscriber or their legal representative, and
- 2) conclusion of a subscription contract for minor trainees or otherwise designated minor eligible persons by their parent or guardian or by the adult trainee or otherwise designated eligible person, and
- 3) authorisation of the account holder to collect all fees and charges resulting from the subscription contract from a current account held in the SEPA area until further notice, but at least for a period of 12 months monthly in advance for the respective contract period, and
- 4) allowing the transport company to obtain information on the creditworthiness of the account holder from a credit agency as part of the application review. Transport companies wishing to perform a credit check shall inform the subscriber/contracting partner in advance and obtain their signature. The subscriber/contracting partner is thereby informed of this. In the event of a negative result, the subscription application shall be deemed rejected. The credit check requires transmission of surname, first name, address, and date of birth to the credit agency. The transport company shall store the result of this check for up to 6 months in compliance with data protection regulations.

2. Conclusion of the subscription contract

The subscription contract shall enter into effect for the first 12-month period upon handover of the YoungTicketPLUS to the subscriber or their authorised representative by the transport company or with the payment of monthly instalments for the YoungTicketPLUS sent without prompting. The YoungTicketPLUS is in the subscriber's possession. The transport company's retains title of the YoungTicketPLUS. If the YoungTicketPLUS has expired, the subscriber will be sent a new YoungTicketPLUS without prompting. After the contractual relationship expires, the subscriber must return the YoungTicketPLUS to the transport company. The recipient (here: transport company) must check the YoungTicketPLUS for correctness and completeness. If the ticket is handed over or mailed, the cover letter will state the data stored on the chip. The YoungTicketPLUS data stored on the chip are decisive. The subscriber can read their YoungTicketPLUS at the KundenCenter (or with their own reader) to check the information on the chip. Complaints must be raised with the transport company without undue delay, but no later than 10 days after receipt, in writing or in person. Subsequent complaints may not be considered.

3. Start and duration of the subscription

The subscription may commence on the 1st day of each month if the SEPA direct debit mandate has been received by a VRR transport company.

The transport company provides forms (order forms) for this purpose.

If the transport company does not have the duly issued SEPA direct debit mandate, the commencement date will be the next possible date. Details on termination are set out in item 6 of these subscription terms. The subscription period shall be one month until further notice unless the subscriber terminates at the end of the current. If the subscription is not terminated, the contractual term of the current month shall automatically extend by one further month. The trainee must document their eligibility for acquiring this ticket upon request from the transport company. The subscription ends at the latest on the date on which the eligibility ceases. In this case, no special notice of termination is required on the part of the transport company. The customer is obligated to inform the transport company of any change of status (e.g., end of vocational training). If the customer fails to do so, the monthly subscription price of the

The account holder shall be notified of the collection directly or indirectly via the contracting partner at least one day before the first due date.

The following data will be transmitted: Card number, identifier of the issuing transport company, ticket type, date of issue, association identifier, start date of blocking, end of blocking if applicable. No personal data will be forwarded.
